This decision is issued in response to the "Request For Pair Correction" filed by applicants on 07 August 2007, treated herein as a petition under 37 CFR 1.181 to correct the international application number for the present application. No petition fee is required.

DISCUSSION

Based on a review of the application file, it is concluded that the materials filed by applicant to initiate the present national stage application properly identified the present application as the U.S. national stage of PCT/CH02/00150. The identification of the present application in USPTO records as the U.S. national stage of PCT/GH02/00150 is therefore in error.

The Notification Of Acceptance (Form PCT/DO/EO/903) and filing receipt mailed 26 August 2005, both of which incorrectly identify the present application as the U.S. national stage of PCT/GH02/00150, are appropriately vacated.

USPTO records will be corrected to properly identify the present application as the U.S. national stage of PCT/CH02/00150, and a corrected Notification Of Acceptance and filing receipt will be issued.

CONCLUSION

Applicants' petition under 37 CFR 1.181 is **GRANTED**.

The Notification of Acceptance (Form PCT/DO/EO/903) and filing receipt mailed 26 August 2005 are hereby **VACATED**.

The application is being referred to the National Stage Processing Branch of the International Division for further processing in accordance with this decision, including the mailing of a corrected Notification Of Acceptance (Form PCT/DO/EO/903) and filing receipt which properly identify the present application as the U.S. national stage of PCT/CH02/00150.
